WELCOME TO MODEL HIGH SCHOOL

Model High School offers the youth of the community a well-rounded educational program that will enrich their lives intellectually, socially, and physically. It is the inherent responsibility of Model High School to instill in students a lasting desire to acquire the guidance and materials necessary for the acquisition and use of this knowledge. In order to fulfill this responsibility, the faculty and staff, in cooperation with the parents and the community, will initiate instruction at individual learning levels and encourage the optimal development of every student. By keeping abreast of new educational research and methods, the school will continue to provide a varied curriculum of rigorous academic and vocational instruction that prepares students to succeed in our ever-changing society.

In addition to basic knowledge and skills, the MHS staff will continue to emphasize an awareness of career opportunities, a sense of responsibility, and the ability to reason and deal with problem situations. Through such programs, students at MHS can develop leadership skills, enjoy a sense of belonging, and exhibit respect for others and the environment.

Students will gain an understanding of the rights, privileges, and responsibilities of American citizenship beginning with the individual family group and extending to the world family of nations. Democratic principles are emphasized in the day-to-day relationships among the students, faculty, and staff. Through such experiences, students can develop an appreciation for the American heritage and become participating, responsible citizens.

MODEL HIGH SCHOOL OPERATES AS A CLOSED CAMPUS. STUDENTS MUST REMAIN ON CAMPUS FROM THE TIME THEY FIRST ARRIVE UNTIL SCHOOL IS DISMISSED. EXCEPTIONS TO THIS POLICY ARE PROVIDED IN THE EARLY DISMISSAL POLICY.

SCHOOL MISSION AND BELIEFS

The mission of Model High School, in partnership with parents and community, is to provide a safe environment in which individuals are respected and have the opportunity to grow, achieve success, and contribute responsibly while becoming life-long learners.

- ◆ WE BELIEVE:

- ◆ A safe and physically comfortable environment promotes student learning.
- ◆ Students learn in different ways and should be provided with a variety of instructional approaches to support their learning, including exceptional students that require special services and resources.
- ◆ Each student is valued individual with unique physical, social, emotional, and intellectual needs.
- ◆ Positive relationships and mutual respect among and between students and staff enhance a student’s self-esteem.
- ◆ Students learn best when they are actively engaged in the learning process.

ACADEMIC SUPPORT

In compliance with the requirements of the Elementary and Secondary Education Act, parents may request the following information about the professional qualifications of their child’s teacher(s).

1. Whether the teacher has met the GA Professional Standards Commission requirements for certification for the grade level and subject areas in which the teacher provides instruction;
2. Whether the teacher is teaching under an emergency or other provisional status through which GA qualifications or certification criteria have been waived;
3. The college major and any graduate certification or degree held by the teacher;
4. Whether the student is provided services by paraprofessionals and if so, their qualifications.

Contact the school principal to request this information.

FACULTY

The faculty of our school is one of the finest groups of educators in the state. There is team spirit among the teachers that contributes to student success and achievement. Our faculty has the reputation for “going the extra mile” each day with an attitude of positive enthusiasm.

GUIDANCE DEPARTMENT

Developmental Guidance is the essential thrust of the philosophy for the Guidance and Counseling Department. We are striving for a program in which guidance and counseling is a part of the school’s instructional program and are actively involved in the educational, career, personal and social development of all students. With teachers and counselors working as a team, students are assisted in their maturation.

Appropriate career planning and life management activities are provided for the entire school population. Crisis counseling is also available, but the major goal of a high school program is to provide preventative programs that help students develop the skills to deal with problems before they arise. Planning for the future is approached through guidance activities and the Student Advisement Mentoring Program. Small group and individual guidance is strictly voluntary. Parents who wish to refuse their student’s participation in guidance and counseling activities should contact the school’s Guidance Department for the specific procedure. Parents who have specific requests of the Guidance Department should call one of the counselors.

HOSPITAL HOMEBOUND SERVICES

Floyd County provides two homebound services: Regular and Intermittent. Regular is for students that are anticipated to be out of school for 10 school days or more due to accident, surgery, etc. The Intermittent program is for students with chronic illnesses such as cancer, cystic fibrosis, etc. that require intermittent absences.

INTERNET USE

The Floyd County School System supports the use of technology to enhance education. Access to the Internet through school resources is a privilege based on acceptable

use as defined by (FCBOE policy IFBG). Acceptable Internet use includes the following guidelines.

Students must:

1. Have teacher permission before using the computer.
2. Use the computers and other equipment for academic purposes only.
3. Follow all federal, state, and local laws and policies regarding computer use.

Obtaining or using an employee's password to any software, vandalism, "hacking", theft of technology equipment or data, sending SPAM, and/or harassing others by sending unwanted messages or using inappropriate language is not allowed. Students are not allowed to connect any network capable device to the school network. This would include, but is not limited to, laptops, personal computers, iPods, pocket PCs, Palm Pilots, USB devices, etc. Students engaging in any of the above activities may lose their computer use rights, will be disciplined through the school and/or law enforcement/court system, and may be charged restitution for behavior or actions that lead to the loss of service, loss of equipment, or the loss of data.

Floyd County Schools uses a sophisticated filtering system to block offensive, illegal, and/or inappropriate web sites. It is the user's responsibility not to initiate access to inappropriate material. If inappropriate material is accidentally viewed on a web site, the student must inform an adult school employee immediately of the inappropriate site and material. Students, who willfully or continually view inappropriate content or try to circumvent the school district's Internet filters by using proxy sites, servers, or other methods, may lose all computer privileges and will be subject to disciplinary measures as set forth by the school and/or court system.

Parents not wanting their child to access the Internet during school must complete an '[Internet Objection Form](#)' and return it to the principal.

STUDENT SUPPORT

A new tiered intervention program, Georgia Pyramid of Intervention (GPOI), is being implemented in Georgia. THE GPOI is a 4-tier process. Each tier provides higher levels of support while continuing support already in place. Floyd County is currently involved in this process.

The purpose of the tiered intervention program is to investigate the particular nature of the difficulties the child is experiencing and to recommend specific ways of dealing with these within the classroom or school setting. A Response to Intervention (RTI) team may suggest interventions and strategies to address the academic and/or behavioral difficulties. If the student's needs can be met through alternative strategies and/or accommodations to the curriculum, no other services are provided. A student continuing to have academic or behavioral concerns after the implementation of scientifically researched based interventions may be referred to a Student Support Team (SST). The SST consists of a school administrator, the parent/guardian, the child's teacher, and counselors, other teachers or educational specialists as needed to determine the most appropriate educational services for the child. Parents may request information regarding SST by contacting the teacher or counselor.

When it is determined that more information is needed in developing individual modifications, permission to administer a series of screening tests may be requested from parents. The SST serves all students before consideration is given for Special Education services. Each child who is in danger of retention in the current grade is referred to the appropriate support committee.

GIFTED EDUCATION PROGRAM

The Floyd County Board of Education endorses the philosophy that education is a means by which each individual has the opportunity to reach his or her fullest potential. We believe that all students have a right to educational experiences that challenge the level of their individual development, whether it is below, at, or beyond the level of their age peers. Special programs for gifted students are one outgrowth of this commitment.

Students in grades K-12, who demonstrates a high degree of intellectual, academic, and/or creative abilities and need services beyond what the regular classroom can offer, may be nominated for evaluation to determine eligibility to be served in the Program for Gifted Students. Nominations for consideration to be referred for evaluation may be made by teachers, parents or guardians, counselors, administrators, peers, self and other individuals with knowledge of the student's abilities. Automatic nominations will be based on Iowa Test of Basic Skills (ITBS) or any other nationally normed achievement test a student has taken state CRCT and Writing Assessment, and Dibbles Universal Screening.

The State Board of Education under the SBOE Rule 160-4-2.38 (Education Program for Gifted Students) determines eligibility criteria based on multiple criteria in mental ability, achievement, creativity, and motivation for placement in this program. For a summary of those or for further information about Floyd County Board of Education's Program for Gifted Students, please contact the Gifted Program teacher at your child's school or contact the Coordinator for Advanced Academics: McCall Govignon (706) 234-1031 ext 7155 or mgovignon@floydboe.net.

A referral to law-enforcement officials may also be made. Any personal property brought on campus is the responsibility of the student. Students should keep these items in their possession at all times.

ENROLLMENT AND ATTENDANCE INFORMATION

Regular attendance in school is necessary for a student to make adequate academic progress. When a child is absent, parents, guardians, or other persons who have control of a child enrolled in the school district should follow the local school rules to report reasons for absences.

The most important step you can take to improve your educational experience is to make a commitment to attend school each day. As our programs strive to meet the requirements of an increasingly complex society, it is imperative that students participate actively in their learning. With the emphasis on training and skill-based knowledge, students are accountable for demonstrating their knowledge and proficiency by their ability to perform tasks. For students to learn and benefit from applied knowledge, they must be present in class.

The mandatory attendance law of Georgia requires all citizens to attend school between the ages of 6 and 16. This law also covers students who enter school before the age of 6, and remain on roll. Instances of truancy and/or educational neglect or deprivation may be referred to attendance personnel at the district's administrative offices and/ or the school social worker.

ADDITIONAL GUIDELINES AND PROCEDURES

- **High school students** may lose credit for any classes in which they have excessive unexcused absences. Excessive absences are defined as absences that exceed three (3) absences in a course that earns one-half (1/2) unit of credit and five (5) absences in a course that that earns one (1) unit of credit. Each school shall establish a School Attendance Committee appointed by the principal and chaired by an administrator. The School Attendance Committee will consider the following in their recommendations:
 1. Whether the absences can be validated by the School Attendance Committee as excused;
 2. Whether make-up work, where allowed, is satisfactory completed; and,
 3. A passing grade has been earned for course work during the semester.
- **High school students** exceeding these absences, who have copies of medical excuses, court orders, subpoenas, military responsibilities and approved educational absences on file in the school office to cover ALL days in excess of these, may receive credit if these are given to the school within (3) days of returning.
- **High school students** must be present for a minimum of 60 minutes to be counted as present for that class period.
- Students may make up work missed with an excused absence.
- Excused absences require a note to be given to the office within 3 school days after returning to school.
- Students must arrange with the teacher to make up work within 3 school days after returning. This is at the teacher's convenience, and the teacher has the discretion of setting a reasonable time limit for work to be completed.
- Principals are authorized to consider "chronic illnesses: or "serious injury", verified by an ongoing doctor's excuse, prior to denying credit. The principal makes the final decision at the school level to award or deny credit.
- In instances where there exists a reasonable doubt as to the validity of continued absenteeism, the school is directed to submit a referral to the attendance worker and/or social worker.

- The classroom teacher keeps an accurate record of each student's attendance to serve as the official record in determining student attendance for that class. If there is some question about the record, the office attendance record becomes official.
- Students must be in attendance all semester and fulfill all course requirements to earn Carnegie unit credits.
- Students who are absent from school for more than ½ day shall not participate in extracurricular or after-school activities on that day.
- Students must be in attendance a minimum of ½ day to be counted present for the day.
- Students losing credit due to attendance may participate in the Extended Summer School Opportunity Program, ESSO. This program is further described in this handbook.
- Students with extended illnesses may apply for Hospital Homebound services.
- In unusual situations where a student has to be absent for reasons beyond the student's or parent's control, or where the purpose of the absence may be of educational value, even though not legally excusable, the local school administration MAY permit work to be made up provided the absence is approved by the principal in advance.

ABSENTEE REPORTING

Student absences are reported by official progress reports and grade reports. Teachers should refer students with 5 unexcused absences to the principal, or designee, along with parent contact documentation. The school will notify the parent, guardian, or other person having charge or control of the student when such student has five unexcused absences. The notice shall outline the penalty and consequences of such absences and that each subsequent absence shall constitute a separate offense. After two reasonable attempts to notify the parent, guardian, or person having charge or control of a student of five unexcused days of absence without response, the school shall send a written notice via certified mail with return receipt requested. Parents with questions or concerns about attendance are encouraged to call the school. **Students with eight (8) unexcused absences will be reported to the Attendance Officer or School Social Worker.** Those students found to be in violation of the compulsory attendance law will be referred to the Juvenile Court for a hearing.

For more information regarding Attendance, please refer to page 39.

ATTENDANCE AWARDS

Students will be recognized with perfect attendance if they have been counted present each day and have no more than three tardies, early dismissals, or late arrivals.

CHECK IN/TARDIES

Students who are late to school are to check in through the office. Students who check in late must bring a note to the office AT THAT TIME. Accepted reasons for excused tardiness to school include: medical notes, legal requirements, and sickness. **Ten or more unexcused tardies or early dismissals, or late arrivals may be considered excessive and are subject to a referral to the Attendance Officer or Social Worker.** Students who check in late must bring a note to the office AT THAT TIME. You will receive a (blue slip) 'tardy to school' note. You should have each of your teachers sign the tardy note each time you go to class. At the end of the day, turn your tardy note back in to the office for filing. If you check in late because of dentist or doctor appointment, please be sure to bring a note from their office with you when you return.

EARLY DISMISSALS

If you must leave school early you should bring a written note from home. Turn your note in to the office before 8:00 AM. You will be issued you an early dismissal form. You should have the teachers that you will be missing their class sign your

early dismissal and then return it to the office. If you are driving yourself to your appointment, please have your parent/guardian give a phone number where they can be reached. Your note will have to be verified before you leave. If someone is picking you up, they will be required to come in and sign you out. The person picking you up must be on your emergency card in order for you to leave with them.

Please note: Early dismissals are considered tardies. Accepted reasons for tardies also apply to Early Dismissals.

COLLEGE VISITATION

Senior students are allowed one day to visit a college of their choice. Requests must be made in writing to the principal a minimum of five (5) days in advance.

DIRECTORY INFORMATION

The Board of Education has the right to release "directory information" if available, without the parent's prior written consent. Directory information includes: the student's name, address, and date/place of birth; major field of study and grade level classification; student's participation in officially recognized activities and sports; weight and height of athletic team members; dates of enrollment, attendance, withdrawal, and re-entry; diplomas, certificates, awards and honors received; and most recent educational agency or institution attended by the student. The NO CHILD LEFT BEHIND statute requires high schools to provide to military recruiters, upon request, access to names, addresses, and phone numbers of high school juniors and seniors. If you do not want this information disclosed without your prior written consent, you must contact your child's school.

Parents are further notified that from time to time students may be photographed, videotaped, or interviewed by the news media or school system personnel at school or some school activity or event. Parents wishing any or all of the aforementioned information be denied release must notify the school principal in writing within 30 days of the first day of school of a school year or on date of enrollment.

Occasionally, the Floyd County Safe and Drug-Free Schools Program administer surveys to students to determine attitudes and practices regarding drug use. This information is necessary when applying for grant monies. The surveys are anonymous; therefore, no personal data is available. If you object to your student participating in such surveys, you will need to notify the principal in writing as soon as possible.

Non-custodial parents have the right to request to view or receive a copy of their child's records. The request must be in writing and the custodial parent will be notified of the request.

STUDENTS LIVING OUTSIDE THE SCHOOL ATTENDANCE AREA

Students who live in another Georgia school district (non-resident student) or another Floyd County School attendance area have an opportunity to apply for permission to attend a specific Floyd County school, as defined in policy JBCB. The school administration has the authority to accept a non-resident student or a student from another Floyd County school attendance area if they have excellent attendance, average or above-average grades and no discipline record, and provided there is adequate room in the grade and/or school. **Students with a non-resident status must maintain satisfactory attendance, grades and behavior.** Those unable to meet school expectations will be withdrawn and referred back to their official school district or home school. The request for a non-resident student and for students requesting a different Floyd County school must be completed and approved each year. **Parents must provide the transportation for any student living out of the school attendance area.** Intra-district transfers will not be granted during the second and fourth quarters of the school year,

unless there are extenuating circumstances, or the re-assignment is due to a special education assignment.

PLEASE NOTE: Recent legislature, HB251, may change the above guidelines for admittance of intra-district transfer of students to Floyd County Schools. .

STUDENT RECORDS

Records are routinely released to other schools when a student transfers. Copies of a student’s school record will be sent to another school system upon request without further notice. The official transcript is the copy of the record sent between schools. In compliance with the Family Education Rights and Privacy Act of 1974, school records will be released to parents/guardians or students over 18 years of age upon request. Non-custodial parents have the right to request to view or receive a copy of their child’s records. The request must be in writing and the custodial parent will be notified of the request.

STUDENT TRANSFERS AND ENROLLMENT

The Georgia School Safety Act requires transferring students to present a certified copy of their school record. Proof of residence (utilities bill, telephone bill, or other document verifying you live at the given address) may also be required from school administration upon enrollment. The school records must include the cumulative academic and discipline records from all prior schools. They should also provide a copy of the most recent report card and a completed withdrawal form. Transfer students are assigned classes on a *temporary basis* until the official student record is received. The official record includes the following data: cumulative grades, cumulative discipline, testing, and immunization information. Students may be denied enrollment privileges based on their discipline history.

TRUANCY TREATMENT TEAM

Floyd County Schools participate in a community effort to assure the best possible opportunities for our students. The Truancy Treatment Team consists of representatives from several community organizations. Students who have attendance problems may be referred to this program; parents must then attend the required meeting for planning and assistance.

WITHDRAWAL POLICY

Students may be withdrawn **ONLY** by the person who registered them and signed the registration form, except in cases where the student lives with both natural parents. In these cases, either natural parent may withdraw students. Stepparents and non-custodial parents are not allowed to withdraw students without an appropriate court order requiring the school to release the student to them.

Students planning to withdraw will need to bring a note to the school several days before withdrawing. It should state the last day at our school, your new address, and the name and address of the new school your child will be attending.

Remember that all textbooks, library books and fees must be cleared before you withdraw to avoid problems transferring records.

For more information on withdrawing students, please refer to page 41.

HEALTH AND MEDICATION

ALL MEDICATIONS MUST BE IN THE ORIGINAL CONTAINER

Although it is recognized that many students require some form of medication for various chronic or temporary conditions, treatment schedules that allow doses to be given at other than school hours are preferred and encouraged. If it

is necessary that medication be given during school hours, school personnel will assist the student in taking the prescribed medication in accordance with the procedures described below.

ASTHMA MEDICATION

Students requiring asthma medication shall be allowed to possess and self-administer the medication while in school or at a school function provided the parents have completed a *Request For Medication At School* form and a *Student Asthma Action Card* as described in FCBOE policy.

ACCIDENTS / INSURANCE

It is the responsibility of each parent or guardian to pick up his/her child from school should the child become ill or injured during the school day. The child will be sent to the nurse or school office until a parent or guardian arrives. Injuries or severe illness requiring medical attention will be handled on an emergency basis. The school reserves the right to call an ambulance if deemed necessary for the welfare of a child. IF A PARENT/GUARDIAN CANNOT BE LOCATED, AN EMERGENCY CONTACT WILL BE CALLED.

Student insurance is available at the beginning of the school year. Application forms are sent home by each student if you are interested in purchasing coverage.

IMMUNIZATIONS

No child shall be admitted to school in Georgia without a current immunization certificate. This is based on GEORGIA LAW. The local Health Department will assist you with this.

NON-PRESCRIPTION MEDICATION

Parents may request that non-prescription medication be given at school on a temporary basis. The non-prescription medication should be carried to school by the parent in the original container. Parents should write specific instructions on administering the medication that coincides with the instructions on the medication bottle. This statement should include the student’s symptoms and who to contact if there are concerns about the student’s health.

PRESCRIPTION DRUGS

Parents must obtain the Request For Medication At School form at the school office and have the student’s physician complete it. Both the physician and the parent must sign and date the form. This form must be returned to school where it will remain on file. For recurring illness or chronic conditions an updated form is required each school year. Students who need to take a prescription drug on a temporary basis must bring the Request For Medication At School.

Parents are responsible for providing the school with the prescribed drugs. Medicine should not be sent to school with the student. All medication must be in the original container, and kept in the office. Each separate medication should list the:

- A. Student’s name
- B. Name of drug
- C. Time and amount of dosage
- D. Method of administration

The school will be responsible for providing a safe method of storage for the medication.

FCBOE GENERAL DISCIPLINE INFORMATION

It is important that students read this section on the Student Behavior Code and follow the guidelines carefully. The Floyd County Schools standards for student behavior during school hours, at school-related functions, on school buses and at bus stops are designed to create the expectation that students will behave themselves in such a way so as to facilitate a learning

environment for themselves and other students, respect each other and school district employees, obey student behavior policies adopted by the Board of Education, and obey student behavior rules established by individual schools. The consequences of engaging in activities that are illegal or prohibited can be severe and have far-reaching effects on a student's educational experience and personal life.

School safety is important to everyone. Providing an environment that is safe and promotes education and growth requires an impartial Student Behavior Code that must be respected and observed. Our Student Behavior Code has been developed to include local, state, and national laws and to follow the rules and regulations of the Floyd County School System. Students are required to follow the behavior code during regular school hours, on any school transportation, and at any time while attending or participating in school-sponsored activities.

Questions regarding appropriate disciplinary action shall be referred to the Superintendent or designee. In situations where out-of-school suspension is used as a disciplinary action, effort will be made to contact the parent of the student involved. Should personal or phone contact not be successful, sending the appropriate paperwork home with the student shall be considered adequate parental notification of the action taken. School officials are in charge and have the responsibility for disciplinary supervision. Administrators have the authority to use professional judgment in disciplining students within the guidelines of the Floyd County Student Behavior Code.

DISCIPLINE PROCEDURES AND DEFINITIONS

CHRONIC DISCIPLINARY PROBLEMS

Students who continue to have multiple discipline referrals may be identified as a "chronic disciplinary problem" (as defined in O.C.G.A. S 20-2-764). When that occurs, the parents of that student will be requested to schedule an appointment to observe the student in a classroom situation and to meet with the school personnel to devise a discipline and behavior plan.

FLOYD COUNTY EDUCATION CENTER

The Floyd County Educational Center, (FCEC), is an alternative school designed to provide an educational environment for students who need more structure and individual services than a traditional school program offers. Students who have difficulties with attendance, behavior, and/or academic performance may be considered a candidate for placement at the Floyd County Educational Center. **Certain disciplinary offenses will result in an automatic assignment to the FCEC.** These are described in the Student Behavior Code handbook.

Programs at the FCEC are designed to provide small class size, individual educational plans, and comprehensive services that may involve other social agencies. The curriculum is similar to that in regular school programs and successful completion of the assignments will result in passing grades and Carnegie unit credit towards graduation for high school students. Students attending the FCEC must successfully complete the required criteria before being eligible to return to their home school. Credits earned there are accepted at post-secondary institutions and are recognized as fulfilling the requirements for an accredited program in Georgia.

The school principal, a system-level tribunal, or Superintendent may assign students to the FCEC. All assignments follow the guidelines of Floyd County Schools and of the "Due Process Rights of Students" as defined by law and outlined in this document. Students attending the FCEC are not permitted on their regular school campus and may not participate in regular school activities as long as they are assigned to the FCEC. Any FCEC student needing to be on

their home school campus must contact the school principal in advance for permission.

VALUABLES AT SCHOOL

Students should not bring expensive jewelry, hand-held video games, audio equipment or excessive amounts of money to school. It is easy to lose or misplace these kinds of articles. Model High School is not liable for the loss of any such property belonging to students. The school staff is not responsible for investigating for lost or stolen electronic devices.

Display or use of **CELL PHONES** by students is prohibited during regular school hours or while on school buses.

ELECTRONIC DEVICES AND CELL PHONES

Students shall not display, or turn on cellular phones, smart phones, video phones, pagers, walkie-talkies, cameras, or other electronic devices during regular school hours, including homeroom, instructional class time, class change time, breakfast or lunch, or while on school buses, except such devices that are expressly approved by the school administration. Taking pictures and/or videos at school is prohibited unless approved by an administrator. The school staff is not responsible for investigating for lost or stolen electronic devices.

****IT DOES NOT MATTER TO WHOM THE PHONE BELONGS TO WHEN CONFISCATED, THE ABOVE GUIDELINES WILL BE STRICTLY ENFORCED:**

2. Second violation: Device is confiscated and returned to parent/guardian after 10 school days.
3. Third violation: Device is confiscated and returned to parent/guardian at end of semester. In school suspension of up to 3 days may be imposed.
4. Fourth violation: Device is confiscated and returned to parent/guardian at end of school year. In school suspension of up to 5 days may be imposed.

Consequence: **ELEMENTARY PK-5**

HARASSMENT AND BULLYING

Harassment is unwanted conduct toward another person for any reason. Harassment is illegal and school officials may report these violations to law enforcement officials. Be aware that the laws involving harassment allow the victim to file legal charges. In addition, it is also illegal for students who have been reported for harassment to retaliate as a result of the report. If you or anyone you know is experiencing any form of harassment, report it to a teacher, counselor or administrator immediately, and discuss your concerns with your parents as soon as possible.

BULLYING

The Floyd County School System believes that all students can learn better in a safe school environment. Behavior that infringes on the safety of students will not be tolerated. Bullying, as defined by Georgia law, of a student by another student is strictly prohibited. Such prohibition shall be included in the Student Code of Conduct for all schools within the school system.

Bullying is defined as:

An act which occurs on school property, on school vehicles, at authorized school bus stops, or at school related functions or activities, or by use of data or software that is accessed through a computer, computer system, computer network, or other electronic technology of a local school system, that is:

1. Any willful attempt or threat to inflict injury on another person, when accompanied by an apparent present ability to do so;
2. Any intentional display of force such as would give the victim reason to fear or expect immediate bodily harm; or
3. Any intentional written, verbal, or physical act which a reasonable person would perceive as being intended to threaten, harass, or intimidate, that:
 - a. Causes another person substantial physical harm within the meaning of Code Section 16-5-23.1 or visible bodily harm as such term is defined in Code Section 16-5-23.1;
 - b. Has the effect of substantially interfering with a student's education;
 - c. Is so severe, persistent, or pervasive that it creates an intimidating or threatening educational environment; or
 - d. Has the effect of substantially disrupting the orderly operation of the school.

Reporting:

Any student, parent, guardian, or other person who has control or charge of a student, either anonymously or in the person's name, are encouraged to report or otherwise provide information on bullying activity to the principal or designee.

Any teacher or other school employee who, in the exercise of his or her personal judgment and discretion, believes he or she has reliable information that would lead a reasonable person to suspect that someone is a target of bullying should immediately report it to the school principal.

Any report of bullying will be appropriately investigated by the administration in a timely manner based on the nature of the complaint to determine: (1) whether bullying has occurred; (2) whether there are other procedures related to illegal harassment or discrimination that should be implemented and; (3) what other steps should be taken.

Discipline:

Acts of bullying shall be punished by a range of consequences through the progressive discipline process, as stated in the Code of Conduct. Such consequences shall include, at a minimum and without limitation, disciplinary action or counseling, as appropriate under the circumstances. However, upon a finding by the disciplinary hearing officer, panel or tribunal that a student in grades 6-12 has committed the offense of bullying for the third time in a school year, the student shall be assigned to an alternative school. Nothing herein shall prohibit the tribunal panel from assigning the student to an alternative school before a third offense of bullying should the circumstances warrant.

Notification of Bullying Offense:

Upon a finding by a school administrator that a student has committed an act of bullying or is a victim of bullying, the administrator or designee shall notify the parent, guardian, or other person having control or charge of the student of such incident by telephone call or through written notice, which may be done electronically.

Retaliation for reporting incidents of "bullying" is prohibited:

Pursuant to O.C.G.A. § 20-2-751.4, retaliation against any person who reports, is thought to have reported, files a complaint or otherwise participates in an investigation or inquiry regarding an incident of bullying is prohibited. Any

report of retaliation for reporting bullying will also be investigated and addressed as called for in this policy and in accordance with school procedures.

General Notification of Bullying Prohibition:

Students and parents will be notified of the prohibition against bullying and the penalties for violating the prohibition by posting such information at each school in the Floyd County School System and by way of inclusion of such information in the Student Code of Conduct.

Immunity and False Reporting:

Any person who in good faith reports an incident of bullying shall be immune from civil liability for any damages caused by such reporting. However, any student who knowingly files a false report of bullying, harassment, or intimidation may be subject to punishment under the Student Code of Conduct.

In determining when and how to implement this policy and any procedures related to it, educators exercise their professional judgment and discretion. There, this policy in not to be construed as imposing any ministerial duties on individual employees. Further, this policy is not intended to interfere with the duties of law enforcement.

BEHAVIORAL PLAN

Parents shall be invited to a conference to devise a behavioral plan before students who are suspended or expelled return to school. Failure of the parent to attend such conference does not preclude the student from being readmitted; however, school officials shall meet with the student to devise a behavior plan.

General Guidelines:

1. The student's rights must not be violated.
2. Suspensions shall be based on Floyd County Board of Education policies and regulations.
3. A copy of the suspension letter for the third and subsequent suspensions shall be sent to the Superintendent or designee.
4. Reasonable effort shall be made to contact the parent or guardian (in conference or by phone) with the details of the suspension prior to initiating the discipline. A letter shall follow the initial contact.
5. Suspensions of more than 10 days shall be imposed by a Disciplinary Tribunal.
6. In cases where the safety of students or staff is at risk, students may be removed from the campus immediately. Due process rights shall be given as soon as possible.
7. Alternative education may be used when appropriate.

REFERRAL TO THE SUPERINTENDENT OR DESIGNEE

It is the philosophy of the Floyd County Schools that students with repeated assignments for ISS or OSS may need more direct intervention than has previously occurred. Therefore, the following guidelines apply for students receiving ISS and/or OSS assignments:

- **First time** - The principal or principal's designee meets with the student, a parent or guardian, to discuss the student's educational program and behavioral problems.
- **Second time** - The principal or principal's designee meets with the student, a parent or guardian, to review the previous recommendations and make changes where necessary.
- **Third time** - The principal or principal's designee meets with the student, a parent or guardian, to review the previous recommendations and discuss the assignment to the Behavior Action Team conducted by Floyd County School Counselors.
- **Fourth time** - The principal or principal's designee refers the student, parents or guardian, to an administrator at the Floyd County Board of Education, usually the Superintendent or designee. This meeting will be to consider the previous

accommodations and discuss the appropriate placement of the student in Floyd County Schools.

SENIORS

- Senior activities, including participation in graduation ceremonies, may be denied when circumstances warrant.
- Seniors assigned to the Educational Center may not participate in any school activities. Seniors who are on track to graduate while at the Academy, please see Policy IKDB-R(1) for rules pertaining to graduation.

STUDENT DUE PROCESS RIGHTS

Procedure

1. The hallmark of the exercise of disciplinary authority will be fairness.
2. Every effort shall be made by administrators and faculty members to resolve problems through effective utilization of school district resources in cooperation with the student and the parent or guardian.
3. If a hearing is not waived by a student or if the hearing is required under this Code of Conduct or state law, the hearing will take place whether or not the student or parent/guardian chooses to participate.
4. A student must be given an opportunity for a hearing if the student or the parent or guardian indicates the desire for one. It shall be held to allow the student and the parent or guardian to contest the appropriateness of the sanction imposed by a disciplinary action, or to allege prejudice or unfairness on the part of the school district official responsible for the discipline.
5. The Superintendent or designee may request that the student and parent or guardian confer with school administration first, but if the student and parent or guardian declines this request, a tribunal shall be scheduled as soon as possible.
6. For students in grades 6-12, Disciplinary Tribunal hearings shall be conducted by a Tribunal Panel and a Disciplinary Hearing Officer. For students in grades PreK-6, Disciplinary Hearings may be conducted by a Tribunal Panel or a Disciplinary Hearing Officer, depending on the infraction and determination of the Superintendent or designee.
7. The following procedural guidelines shall govern the Disciplinary hearing:
 - a. Written notice of charges against student shall be supplied to the student and the parent or guardian.

 - g. A verbatim record shall be kept of the tribunal.
 - h. The hearing officer or panel shall state in writing within three (3) business days after the conclusion of the tribunal hearing the findings as to whether or not the student charged violated the particular behavior code or offense and the decision, if any, as to disciplinary action.
 - i. The findings of the hearing officer shall be reduced to writing and sent to the student and the parent or guardian.

- j. The student and the parent or guardian shall be made aware of their right to appeal the decision of the Disciplinary Tribunal.
- k. Prior to appealing the decision to the local Board of Education, an informal appeal/hearing may be scheduled with the Superintendent for review of the decision of the Tribunal. This requires a written request and must state the specific reason for the review. If the student elects to meet informally with the Superintendent in an effort to appeal, resolve, or compromise the decision of the Tribunal, the Superintendent must render his/her decision or proposed solution at least three (3) days before the time to appeal the Tribunal's decision to the local Board of Education has expired.
 - l. The appeal shall be made in accordance with Policy JCEB.

In addition to the mandatory hearings discussed for certain offenses, a recommendation of long-term out-of-school suspension, expulsion for more than ten school days or permanent expulsion requires a formal hearing with a Disciplinary Tribunal. Due process rights are part of the referral process and include the following:

1. Written notice of the charges in a timely manner.
2. Written notice of the witnesses and evidence to be presented.
3. An opportunity for the student to (a) review evidence; (b) present a defense, and (c) question witnesses.

2. Record of Tribunal - a written or recorded account of a tribunal, findings, and disposition of the case. Copies of the findings shall be sent to the student, the parent or guardian, and to the following:
 - a. Superintendent or designee;
3. Discipline file - local school - hard copies should be retained in student discipline files and in the student's computer record (or electronic file).

STUDENT SEARCHES

School officials may conduct searches, at the discretion of the administration whenever circumstances indicate a need for such action. These searches may include clothing, bookbags, purses, lockers, automobiles or any other property on school grounds. Searches may be conducted at any time before, during, or after school hours, or at any school-sponsored activity. Hand-held metal detectors may be used to search students or student's property. Dogs may be used to search automobiles, lockers, and personal bookbags.

TRANSFER STUDENTS

Most public school systems honor the disciplinary recommendation of an alternative school assignment, long-term out-of-school suspension, and/or expulsion assigned by another school system. Any student under disciplinary action may not participate, in any way, in a regular education program until the disciplinary assignment is completed.

MHS TARDY DISCIPLINE PROCESS

TARDY TO CLASS (UNEXCUSED) / TARDY TO SCHOOL:

Being ready to begin class when the bell rings is one way you can improve your learning. The time between classes is provided for you to get books or use the restroom only.

Teachers expect you to be in class and ready to begin when the tardy bell rings. They will assign one day of after-school detention to students who are late. If tardiness is a regular problem, teachers will contact your parents or guardian. The policy regarding tardies is as follows:

1 day of after school detention for every 2 tardies to class

UNEXCUSED TARDY TO SCHOOL

- 1st Offense: Warning
- 2nd Offense: Warning
- 3rd Offense: Packet/Parent Contact
- 4th Offense: D-Hall
- 5th Offense: D-Hall
- 6th Offense: All day detention
- 7th Offense: 5 day driving suspension/1 day All day Detention
- 8th Offense: 15 day driving suspension/2 days All day Detention
- 9th Offense: Driving suspended remainder of semester/ 2 days All day detention

After 9 tardies in 1 semester, only medical notes, legal notes, court, and family death will be excused. Accepted reasons for excused tardiness to school include: medical notes, legal requirements, and sickness.

All other disciplinary matters are described in the Student Behavior Code handbook.

DRESS CODE

Research shows that appearance is a reflection of one's self-esteem and has a direct relationship to performance. We expect students to exhibit positive appearances that encourage optimal performance. The following guidelines are designed to allow for individual expression in dress, and to protect the rights of everyone. Please read these carefully and make a decision to follow them and contribute to the positive climate of your school.

1. **Grooming** - colored hair (red, yellow, green, purple, etc.) or hairstyles that are considered outlandish or eccentric are not allowed.
2. **Styles** - any form of body piercing (other than ear-piercing), spiked jewelry, physically revealing clothing or racially and politically inflammatory items are not allowed.
3. **Clothing** - styles should be designed to enhance your appearance and to cover sections of the body that are considered to be inappropriate when displayed in public. These include those areas that relate to gender. Avoid extremes in styles that disrupt the educational process. Clothing shall be worn in the manner in which it was intended. Clothing with vulgar or profane language; racial or religious slurs; sexually suggestive or degrading language or graphics; clothing advertising tobacco, alcohol products, and other drugs or controlled substances; clothing relating to race or color, or logos relating to any sadistic cult and/or gang activity will not be allowed. Tight fitting, body-hugging clothing may not be worn to school.
4. **Pants** worn to school must be at appropriate level with belts fastened. Clothing so large and baggy that it does not properly cover the body, or creates a safety hazard is not allowed. Oversized clothing is discouraged.
5. **Tops** must be waist length and reveal no bare chests or stomachs. The fabric must be such that the body is not seen through it. Tank tops, tube tops, backless tops, net tops without a proper garment underneath, tops with spaghetti straps, halters, and other tops that are physically revealing are prohibited.

SECTION 504 PROCEDURAL SAFEGUARDS

1. **Overview:** Any student or parent or guardian ("grievant") may request an impartial hearing due to the school system's actions or inactions regarding your child's identification, evaluation, or educational placement under section 504. Requests for an impartial hearing must be in writing to the school system's section 504 Coordinator; however, a grievant's failure to request a hearing in writing does not alleviate the school system's obligation to provide an impartial hearing if the grievant orally requests an impartial hearing through the school system's Section 504 Coordinator. The school system's Section 504 Coordinator will assist the grievant in completing the written Request for Hearing.
 2. **Hearing Request:** The Request for the Hearing must include the following:
 - a. The name of the student.
 - b. The address of the residence of the student.
 - c. The name of the school the student is attending.
 - d. The decision that is the subject of the hearing.
 - e. The requested reasons for review.
 - f. The proposed remedy sought by the grievant.
 - g. The name and contact information of the grievant.
- Within 10 business days from receiving the grievant's Request for Hearing, Section 504 Coordinator will acknowledge the Request for Hearing in writing and schedule a time and place for a hearing. If the written Request for Hearing does not contain the necessary information noted above, the Section 504 Coordinator will inform the grievant of the specific information needed to complete the request. All timelines and processes will be stayed until the Request for Hearing contains the necessary information noted above.
3. **Mediation:** The school system may offer mediation to resolve the issues detailed by the grievant in his or her Request for Hearing. Mediation is voluntary and both the grievant and school system must agree to participate. The grievant may terminate the mediation at any time. If the mediation is terminated without an agreement, the school system will follow the procedures for conducting an impartial hearing without an additional Request for Hearing.

4. Hearing Procedures:

- a. The Section 504 Coordinator will obtain an impartial review official who will conduct a hearing within 45 calendar days from the receipt of the grievant's Request for Hearing unless agreed to otherwise by the grievant or a continuance is granted by the impartial review official.
- b. Upon a showing of good cause by the grievant or school system, the impartial review official, at his or her discretion, may grant a continuance and set a new hearing date. The request for a continuance must be in writing and copied to the other party.
- c. The grievant will have an opportunity to examine the child's educational records prior to the hearing.
- d. The grievant will have the opportunity to be represented by legal counsel at his or her own expense at the hearing and participate, speak, examine witnesses, and present information at the hearing. If the grievant is to be represented by legal counsel at the hearing, he or she must inform the Section 504 Coordinator of that fact in writing at least 10 calendar days prior to the hearing. Failure to notify the Section 504 Coordinator in writing of representation by legal counsel shall constitute good cause for continuance of the hearing.
- e. The grievant will have the burden of proving any claims he or she may assert. When warranted by circumstances or law, the impartial hearing officer may require the recipient to defend its position/decision regarding the claims (i.e. A recipient shall place a disabled student in the regular educational environment operated by the recipient unless it is demonstrated by the recipient that the education of the person in the regular environment with the use of supplementary aids and services cannot be achieved satisfactorily. 34 C.F.R. § 104.34). One or more representatives of the school system, who may be an attorney, will attend the hearing to present the evidence and witnesses, respond to the grievant testimony and answer questions posed by the review official.
- f. The impartial review official shall not have the power to subpoena witnesses, and the strict rules of evidence shall not apply to hearings. The impartial review official shall have the authority to issue pre-hearing instructions, which may include requiring the parties to exchange documents and names of witnesses to be present.
- g. The impartial review official shall determine the weight to be given any evidence based on its reliability and probative value.
- h. The hearing shall be closed to the public.
- i. The issues of the hearing will be limited to those raised in the written or oral request for the hearing.
- j. Witnesses will be questioned directly by the party who calls them. Cross-examination of witnesses will be allowed. The impartial review official, at his or her discretion, may allow further examination of witnesses or ask questions of the witnesses.
- k. Testimony shall be recorded by court reporting or audio recording at the expense of the recipient. All documentation related to the hearing shall be retained by the recipient.
- l. Unless otherwise required by law, the impartial review official shall uphold the action of school system unless the grievant can prove that a preponderance of the evidence supports his or her claim.
- m. Failure of the grievant to appear at a scheduled hearing unless prior notification of absence was provided and approved by the impartial review official or just cause is shown shall constitute a

waiver of the right to a personal appearance before the impartial review official.

- 5. **Decision:** The impartial review official shall issue a written documentation within 20 calendar days of the date the hearing concluded. The determination of the impartial review official shall not include any monetary damages or the award of any attorney's fees.
- 6. **Review:** If not satisfied with the decision of the impartial review official, any party may pursue any right of review, appeal, cause of action or claim available to them under the law or existing state or federal rules or regulations.

Students must demonstrate a quality record of attendance in order to get this certificate.

The Certificate of Attendance is only valid for 30 days. Please note that if a student has 10 unexcused absences for the current and/or previous school year, a certificate of attendance will not be given.

EXAM EXEMPTION POLICY

It is our belief that exams are an integral part of a course and help prepare students for future challenges; therefore, schools will not allow students to exempt exams.

FINANCIAL AID

Financial aid is available for different post-secondary programs. Students should check with the particular institution that they are interested in to find out specific information about financial aid. The formula for determining eligibility for financial aid is complex and is based on income and expenses. Interested students are encouraged to inquire about financial assistance regardless of family income. Most types of financial aid require the Free Application for Federal Student Aid (FAFSA). A current FAFSA can be obtained from your school counselor.

Types of financial aid include:

Loans: A loan for post-secondary studies is money that you borrow and must repay to the lender with interest. There are several types of these loans and the terms vary. Your lending institution will have more information on this option.

Grants: Grants are awarded as financial aid that does not have to be repaid. To apply for grant money, the FAFSA must be completed.

Scholarships: There are many scholarships available to college students. Scholarships limited to Floyd County students or have other specific requirements may also be available.

Work-Study Assistance: The Work-Study program provides jobs for students who show financial need and who must earn part of their educational expenses. This is a federal program handled by the post-secondary institution. A FAFSA is required.

Hope Grant: There have been a number of changes to the HOPE Grant. Please see your counselor for further information.

GRADING PROCEDURES

Grades are assigned to students based on their achievement and performance in subjects they study. Floyd County Schools assign grades using the State Board of Education criteria as follows:

A = 90 - 100 C = 71 - 79 F = Below 70
 B = 80 - 89 D = 70
 NC = No credit/ excessive absences

REPORT CARDS ARE SENT HOME AT THE END OF EACH 9-WEEK PERIOD.

Progress reports are used to communicate information about a child's academic work and behavior. Progress reports are sent home at the midpoint of the 9-week grading period. Parents will also be informed if a student is in danger of failure or is not working up to his/her potential. Parents may also view their child's grades via iParent.

GUIDANCE DEPARTMENT

Developmental Guidance is the essential thrust of the philosophy for the Guidance and Counseling Department. We are striving for a program in which guidance and counseling is a part of the school's instructional program, and actively involved in the educational, career, personal and social development of all students. With teachers and counselors working as a team, students are assisted in their maturation.

Appropriate career planning and life management activities are provided for the entire school population. Crisis counseling is also available, but the major goal of a school guidance program is to provide preventive programs that help students develop the skills to deal with problems before they arise. Planning for the future is approached through guidance activities and individual planning times. Small group and individual guidance is strictly voluntary.

Parents who wish to refuse their child's participation in guidance and counseling activities should contact the school's Guidance Department for the specific procedure. Parents who have specific requests of the Guidance Department should call the counselors.

GRADUATION COACH

The Graduation Coach will work with students in danger of failure or promotion to formulate objectives and strategies to achieve improvement in student performance and behavior and to promote the goal of high school graduation. The Graduation Coach works closely with the counselors, administrators, and staff to promote high school dropout prevention practices and strategies.

SCHEDULES/CREDIT

Our high schools operate on the modified block schedule. This provides for two semesters of approximately 90 days each during the regular school year with classes meeting either every day for one semester or every other day for the entire year. Students may take four to six courses each semester. When available, students may also enroll in zero hour classes allowing up to nine units of credits per year. At the end of a semester, students earn 1 unit of credit for each semester block course passed, and 1/2 unit for each alternating block (A/B block) course passed.

HOMEROOM LEVELS

Homeroom levels are based on the number of credits a student has earned. The following guidelines apply:

Freshmen 0-5 (credits) Juniors 12 (credits)
 Sophomores 6(credits) Seniors 20 (credits)

Students may not change homeroom during the school year unless approved due to their participation in intersession periods. If they earn enough credits to be considered in the next grade, they may register for courses taught for that grade, but they must remain with their assigned homeroom until the next school year.

TESTING INFORMATION

ACT (AMERICAN COLLEGE TEST): The ACT is similar to the SAT but uses a different format. It gives test reports in English, Mathematics, Science and Social Studies. All Georgia Regents Colleges and Universities accept the ACT, and many colleges outside of Georgia require it. Students usually take the ACT by the spring of their junior year.

ADVANCED PLACEMENT (AP) TESTS: The Advanced Placement Tests measure achievement in college level courses taught in high school AP courses. Students scoring high enough may be given college credit when they enter college. Many colleges and universities in the United States accept AP credit. Any student may take the AP exams, although we recommend students take the AP course before attempting the exam.

EOCT (END-OF-COURSE TEST): The EOCT is designed to measure student achievement by assessing student performance on QCC/GPS standards for each of the core subjects tested in grades 9 - 12. The eight content areas are Algebra I, Geometry, Ninth Grade Literature and Composition, American Literature and Composition, Biology, Physical Science, United States History and Economics/Business/Free Enterprise, Math I and II. EOCT will be required per State Department of Education timeline. Students are tested near the end of the semester for the core subject being taken. The score on the EOCT comprises 15% of the final course grade.

GEORGIA HIGH SCHOOL GRADUATION TEST: The GHSGT is designed to measure knowledge considered important for high school graduates. Students must pass tests in English language arts, mathematics, science, social studies and writing as one of the criteria for a high school diploma. Students take the test for the first time in the spring of their junior year. The test is given each fall, winter, spring, and summer giving students five opportunities to take the test during the school year before the end of the 12th grade year. Students not earning passing scores before leaving high school in the 12th grade may return for retesting. Free remedial assistance will be required during each intersession for students that fail portions of the test. If a student fails to attend the required remediation, the student's driving privileges will be suspended. Additionally, the student will not participate in graduation ceremonies if he/she fails any portion of the GHSGT and fails to attend the required remediation during intersession. Each area of the test is scored separately, and students are required to pass each area. Students who make a passing score on any area of the test will not have to retake that area before graduating.

PSAT (PRELIMINARY SCHOLASTIC APTITUDE TEST): The PSAT is a shorter version of the SAT. It is recommended for 10th and 11th graders and is designed to expose college prep students to the rigors of the college entrance exams and to identify areas in need of remediation. It is also the qualifying test for the national merit scholarship programs and the national achievement program for Negro students. Only 11th grade PSAT scores can be used for these scholarship programs.

SAT (SCHOLASTIC APTITUDE TEST): The SAT is a college admissions test accepted by the Georgia college and university system. It measures developed skills in the verbal and mathematics areas. The SAT is designed for students in the college prep program.

SAT II (SUBJECT AREA TEST): Subject tests are one-hour multiple-choice tests that measure knowledge of a particular subject and ability to apply that knowledge. A total of 14 achievement tests are available and are usually given at sat sites.

SUGGESTIONS FOR TAKING EXAMINATIONS

1. *Learn about the test you will take.* All testing programs provide detailed information about their tests, including dates and location of testing sites. You can also get information about the purpose, academic preparation suggested and scoring format. Test publishers provide sample tests and information on preparing for their exams. Students should take practice tests several weeks before the actual test date.
2. *Prepare for the Test.* Consistent long-term preparation is of much greater value than last minute cramming. The best preparation for examinations is course-work related to the test and systematic reviews. Students are encouraged to enroll in review courses or workshops that might be offered by the school or nearby colleges. Students should find out how the test is scored, know whether it is advantageous to guess or whether guessing is penalized in scoring.
3. *Start the Test Day Right.* It is essential that students get a good night's sleep and eat a nutritious breakfast. Studies have shown that a meal containing protein will provide a steady level of nutritional support during testing.
4. *Plan to arrive at the testing site early enough to settle down and organize materials.* Be sure to have proper identification, the admission ticket, a watch, 2 pencils with erasers, and a calculator.

THE CAREER SELECTION PROCESS

A career choice means more than choosing an occupation. A career includes everything in your lifestyle and will probably determine what occupation you have, where you can buy a home, what kind of car you can afford, what choices of friends you have, the people with whom you work, the way you are able to enjoy leisure time, the kind of retirement you can anticipate and how much you like or dislike your occupation. An occupation choice should be based on the following:

- ⇒ Abilities - What you can do physically, mentally and emotionally?
- ⇒ Interests - What you like to do, and where you want to spend your time?
- ⇒ Availability - Where the jobs are and what opportunities are available?
- ⇒ Education - What specific training is required?
- ⇒ Opportunities - What you can expect in personal achievements and advancement?

Your counselor can provide information that will help you explore these points in depth. Career choices should be examined carefully as they will impact the quality of your entire life. It may also be helpful to have your parents meet with you and your counselor to discuss this further. At some point in your high school career, you will be given tests that help you understand your interests and abilities and that direct your thinking toward realistic career choices. Take advantage of these opportunities.

STUDENT BEHAVIOR CODE

INTRODUCTION

The Floyd County Board of Education is dedicated to sound discipline practices. The purpose of this code of conduct is to provide students in the Floyd County School District an effective and safe learning environment and to promote learning and encourage responsibility during the school day as well as during all school-related activities. The degree of discipline imposed for violations of this Behavior Code are age appropriate and shall reflect the severity of the charged offense, the student’s disciplinary history, the maturity level of the student, and any other relevant factors. In addition to discipline of students by the Floyd County School District, student conduct may be reported to appropriate law enforcement authorities. Compliance with these requirements is mandatory.

Pursuant to SB413, all information regarding school clubs and organizations are to be made available for parents/guardians. This information includes the name, mission or purpose, name of faculty advisor, planned or past activities of the club or organization. As of the 2007-08 school year, that information will become part of the student handbooks.

Students and their parents need to know and understand the Code of Conduct in order to achieve a successful learning experience. This student code of conduct is not limited to Policy JCDA. Instead, it includes all student behavior policies in Section J of the Floyd County Board of Education Policy Manual.

Questions regarding appropriate disciplinary action shall be referred to the Superintendent or designee. In situations where out-of-school suspension is used as a disciplinary action, effort will be made to contact the parent of the student involved. Should personal or phone contact not be successful, sending the appropriate paperwork home with the student or to the student’s residence shall be considered adequate parental notification of the action taken.

BEHAVIORS

In general, each student is expected to:

- Demonstrate courtesy with all individuals regardless of circumstances, even when others do not.
- Behave in a responsible manner, always exercising self-discipline.
- Attend all classes regularly and on time.
- Prepare for each class; take appropriate materials and assignments to class.
- Meet Floyd County School System and campus standards of grooming and dress.
- Obey all campus and classroom rules.
- Respect the rights and privileges of other students and of teachers and other Floyd County School System staff.
- Respect the property of others, including Floyd County School System property and facilities.

- Cooperate with and assist the school staff in maintaining safety, order, and discipline.
- Refrain from committing violations of the Code of Student Conduct.

The disciplinary procedures outlined in this behavior code are clearly stated to insure that all students are aware of unacceptable behavior that is in violation of school system policies and the consequences of such policy violations. The behavior code is in effect at school or on school property at any time, off school grounds at any school sponsored activity, function or event and while traveling to and from such events, on vehicles provided for student transportation by the school system; at all designated bus stops; during the regular school day and while the student is going to and from school on Floyd County School System transportation; on Floyd County School System sponsored transportation (approved school trip on a private carrier); while the student is in attendance at any school-related activity, regardless of time or location; for any school-related misconduct, regardless of time or location; while attending a school-sponsored or school-related activity of another school system in Georgia; when retaliation or terrorist threats against a school employee or volunteer occurs or is threatened, regardless of time or locations; when a violent or dangerous incident may jeopardize the safety or well-being of staff and/or students, regardless of time or locations; and when a student commits an act that could be punished as a felony, as provided by O.C.G.A. 20-2-768. *Conduct of students during off-school hours that may have a direct impact on the safety or well-being of students or which created a school disturbance are subject to disciplinary action.*

AUTHORITY

School rules and the authority of the Floyd County School System to administer discipline apply whenever the interest of the Floyd County School System is involved. The code of conduct specifically applies to offenses that students commit while on school property at school sponsored events, during off-school hours as stated above, or while using the school technology resources.

As used in this Code of Conduct, school property includes, but is not limited to:

1. The land and improvements which constitute the school;
2. Any other property or building, including school bus stops, wherever located, where any school function or activity is conducted;
3. Any bus or other vehicle used in connection with school functions and activities, including but not limited to, school buses, buses leased by the Floyd County School District and privately-owned vehicles used for transportation to and from school activities; and
4. Personal belongings, automobiles or other vehicles which are located on school property.

School technology resources include, but are not limited to:

1. Electronic media systems such as computers, electronic networks, messaging, and web site publishing, and
2. The associated hardware and software programs used for purposes such as, but not limited to, developing, retrieving, storing, disseminating, and accessing instructional, educational, and administrative information.

SCHOOL OFFICIALS HAVE THE AUTHORITY TO USE PROFESSIONAL JUDGMENT IN DISCIPLINING STUDENTS WITHIN THE GUIDELINES OF THIS BEHAVIOR CODE.

The school system requires administrators to inform all teachers to whom the student is assigned when a student, including a "transfer student", has been convicted of certain felonies as defined in Georgia Code Annotated, (O.C.G.A.), Section 15-11-63.

A school is authorized to refuse to enroll or subject a student to short-term suspension, long-term suspension, or expulsion for any time remaining in another school system's or school's disciplinary order upon receiving a certified copy of such order if the offense which led to such suspension or expulsion in the other school system or school was an offense for which suspension or expulsion could be imposed in the enrolling school. A school may refuse to re-admit or enroll students who have previously been expelled/suspended for being convicted of, being adjudicated to have committed, being indicted for, or having information filed for the commission of any felony or delinquent act under Code Section 15-11-28 which would be a felony if committed by an adult. Enrolling students must provide an official copy of records from the previous school system, including discipline records, for admission. Schools may enroll students "conditionally" if parents sign a release authorizing the previous school system to forward records. Further, the release must indicate whether the student is currently serving a suspension/expulsion from another school system and/or if the student has ever been adjudicated guilty of a designated felony acts as defined in O.C.G.A. Section 15-11-63. The act(s) must be listed on the release form. Students 18 years of age or older may complete the release form as appropriate. The content of these records may be challenged by appealing to the Superintendent or designee.

The Student Behavior Code shall be provided annually to students through a handbook upon enrollment. The parent and student shall acknowledge their receipt of the code by completing the required form. Parents and students shall be notified of any changes in procedures by either voice mail, newsletters, parent conferences, or web pages. A copy of the code shall be posted in all classrooms.

IEP - COMMITTEE REVIEW FOR STUDENTS WITH DISABILITIES -

Special education personnel shall be consulted in matters involving special education students. A special education student shall be afforded all rights under the Individuals with Disabilities Education Act (IDEA), 20 U.S.C. §1400, et al. seq., Section 504 of the Rehabilitation Act of 1973, 29 U.S.C., §706(8), 794, 794a, and the Americans with Disabilities Act (ADA), 42 U.S.C. 12101, et al. seq.

Any student who is receiving special education services or who has been identified as a student with a disability under the Individuals with Disabilities Act (IDEA) and whose acts are determined by the Principal, or designee, Disciplinary Hearing Officer or Tribunal to have violated any of the rules, regulations or laws as alleged, shall be referred to an IEP committee if cumulative days of exclusion exceeds ten days, or the recommendation constitutes a change in placement. The IEP committee is responsible for determining if the student's conduct resulted as a consequence of his/her disability, whether such conduct warrants a change in placement, amendments to the individual educational plan (IEP) and/or disciplinary actions. If the IEP committee determines that the student's conduct is not a consequence of the student's disability, the student may be disciplined as any other regular education student, but shall receive educational services during this discipline. The IEP committee shall also have the authority to consider, recommend and implement any changes in the student's IEP or educational placement. Nothing in this rule shall alter or adversely affect the rights of students with disabilities under applicable federal and state laws.

DISCIPLINES

A suspension is defined as any disciplinary action that removes a student from regular classes and other school activities. Floyd County schools use both in-school and out-of-school suspensions in an effort to provide a safe and appropriate learning environment. Georgia law (O.C.G.A. 20-2-764-766) requires students who have been suspended to have a conference with their parents and a school official before returning to class. They will discuss the reason for the suspension and write a plan designed to support more appropriate behavior. Parents who are unable to attend a conference must contact the school for further information. A notation of the conference is placed in the student's permanent file.

SUSPENSION/EXPULSION

1. In-School Suspension (ISS) - An educational environment for students whose behavior precludes attendance in the regular school program. This setting is in the local school and is staffed by a paraprofessional.
2. Out of School Suspension (OSS) - removal of the student from the school campus and exclusion from school sponsored activities. Students serving OSS may forfeit the opportunity to make-up missed class assignments.
3. Short-Term Suspension-An In-School or Out of School assignment for a specific period of time up to 10 days.
4. Long Term Suspension- An In-School or Out of School assignment for a specific period of time ranging from 11 days to the end of the current semester.
5. Expulsion- removal of the student from the school campus and exclusion from school sponsored activities beyond the current school quarter or semester.
6. Permanent Expulsion- removal of a student from the school system with no opportunity to return.

FLOYD COUNTY EDUCATIONAL CENTER

An educational environment for students in Grades 6-12 whose behavior precludes continued attendance in the regular school program and where the instructional program is based upon normal course content, and behavior is carefully monitored. (Policy JDD defines specific criteria and guidelines.)

DETENTION

Assignment to a specified school location and to a designated teacher or school official. Detention may be assigned before or after school or on Saturdays. Parents must be given advanced notice of a detention assignment.

CORPORAL PUNISHMENT

Corporal punishment shall not be used as a disciplinary procedure by the Floyd County School District.

CHRONIC DISCIPLINARY PROBLEM STUDENTS

A chronic disciplinary problem student is a student who exhibits a pattern of behavioral characteristics which interfere with the learning process of students around him or her and which are likely to recur.

If a teacher or principal identifies a student as a chronic disciplinary problem student, the principal shall notify the parent(s) and invite them to observe the student in a classroom situation. Additionally, at least one parent shall be invited to a conference to devise a disciplinary and behavioral correction plan.

If a chronic disciplinary problem student is suspended or expelled, the principal shall invite at least one of the student's parents to a conference to devise a behavioral plan before the student returns to school. Failure of the parent to attend such conference does not preclude the student from being readmitted; however, school officials shall meet with the student to devise a behavior plan.

A student support process shall be in place. It may include, but is not limited to, character education: a parent conference, a behavior plan, mentoring, mediation, tutoring, advisement, anger management, violence prevention, Student Support Team (SST), Behavior Action Team (BAT), appropriate community agencies involvement, and exemplary intervention programs.

TEACHER'S AUTHORITY TO REMOVE A STUDENT FROM CLASS

The Superintendent shall, and does, fully support the authority of principals and teachers to remove a student from the classroom pursuant to Georgia law.

A teacher who has knowledge that a student has exhibited behaviors that repeatedly or substantially interfere with the teacher's ability to communicate effectively with students in the classroom or with the student's classmates' ability to learn and that violate the Code of Conduct shall file a report describing the behavior to the principal or administrator. The report must be filed within one school day of the most recent behavior. After receiving such a report, the principal or administrator shall send a copy of the report to the student's parent, investigate the incident, and within one day of receiving such report send written notification to the teacher and the student's parent of any disciplinary action taken against the student.

Pursuant to O.C.G.A. §§ 20-2-737,738, a teacher may remove from class a student who repeatedly or substantially interferes with the teacher's ability to conduct instructional activities provided: (1) the student has previously been referred to the principal in accordance with the provisions set forth above, or (2) the teacher determines that the behavior of the student poses an immediate threat to the safety of the student's classmates or the teacher.

In the case of immediate removal from the classroom, the teacher will submit a written referral by the end of the school day or at the beginning of the next school day to the principal or other school administrator. The administrator will, within one school day after the student's removal from class, send to the student's parents, and the special education case manager, if applicable, a written notice that the student was removed from class, a copy of the teacher's referral, and information regarding how the parent may contact a school administrator. When a teacher removes a student from class, as prescribed above, the administrator will discuss the matter with the teacher by the end of the school day or at the beginning of the next school day. The administrator will give the student oral or written notice as to the reason(s) for which the student was removed from class and allow the student an opportunity to present his or her explanation of the situation. If the teacher withholds his or her consent to the student's return to the same class, or the student's misbehavior precludes returning to school (such as committing a major violation of the *Code of Student Conduct*) the administrator determines the consequences for the student by the end of the first day following the student's removal from class, which may include in-

school suspension or out-of-school suspension or an appropriate temporary placement. Any in-school or out-of-school suspension must be determined by the principal, or designee. Such suspensions may not exceed ten school days. Suspensions or expulsions of longer than ten days may be imposed only by the Disciplinary Tribunal Hearing Panel.

FUNCTION OF PLACEMENT REVIEW COMMITTEE

If the teacher withholds his or her consent to the student's return to the same class and the administrator does not impose other disciplinary action, the administrator will convene the Placement Review Committee by the second day of the removal from the classroom, and the Committee, by a simple majority vote, will render a decision as to whether the student shall return to the teacher's classroom. The Committee's decision will be made no later than three days after the removal from class. In the interim, the administrator will make a temporary placement for the student (other than in the classroom from which the student was removed, unless the teacher gives permission for the student to return to class).

The Committee is authorized to (1) return the student to the teacher's class upon determining that such placement is the *best* or *only* alternative, or (2) refer the student to the administrator for other appropriate action. The decision of the Committee shall be in writing and will be made within three school days after the teacher withholds consent to the return of the student. If the Placement Review Committee decides not to return the student to the class from which he or she was removed, the administrator may place the student into another appropriate classroom, in-school suspension, or out-of-school suspension. In-school suspension or out-of-school suspensions may be for up to ten (10) days. If a student is later referred for a local formal hearing and for an evidentiary hearing, the members of the Placement Review Committee shall not be required to testify as to any committee decision or action. Any and all disciplinary action will be sent to the parents in writing, by either letter or copy of the *Student Discipline Referral* form, with a note to the parent to confirm receipt of the notice.

APPOINTMENT OF LOCAL PLACEMENT REVIEW COMMITTEE

Each school shall establish one or more Placement Review Committees. The Placement Review Committee shall be composed of three (3) members: the school faculty shall select (2) teachers to serve as members and one (1) teacher to serve as an alternate member, and the principal will select one (1) staff member to serve as a member. Schools may have more than one Local Placement Review Committee, at the discretion of the principal, but each committee must have three members selected as stated above. The selection of the Committee should proceed as follows: (1) principal asks for volunteers and nominations; (2) a secret ballot is taken at a faculty meeting; (3) results are tabulated by a teacher; (4) results of the ballot are shared with the faculty.

Members of the Placement Review Committee may resign from the Committee, with the replacement selected by the same process. If a student is later referred for a local formal hearing and for an evidentiary hearing, the members of the Local Placement Review Committee shall not be required to testify as to any committee decision or action.

A violation of the Extracurricular Code of Conduct may result in the denial of the privilege to participate in a sport, activity or club. Students volunteering to participate must assume the responsibilities of this privilege and are required to meet expectations beyond those set for non-athletes and non-participants in extracurricular activities.

TRAINING RULES

Attendance

Students must attend at least one-half of the school day (2 blocks or 11:00 A.M.) in order to participate in any game, performance, activity, club, practice, tryout, or conditioning unless a school administrator or designee approves the school absence. SELF-REFERRAL

If a student seeks assistance from a coach, teacher, or school administrator for dealing with a tobacco or drug use and the student agrees to participate in a tobacco education program or drug treatment program, there will be no denial of participation from contests. This is still considered a violation for the purpose of accumulation of violations.

REASONABLE CONDUCT

The Floyd County School System reserves the right to permanently dismiss a student from all extracurricular activities for the remainder of a student's school career upon arrest, conviction or plea, including *nolo contendere*, for any misdemeanor or felony. Any student arrested for, or charged with, a misdemeanor involving moral turpitude or a felony shall be automatically suspended from extracurricular activities. Any appeal must be requested in writing within five (5) calendar days of the decision notification. The recommended penalty assessment will continue throughout the appeal process unless specified by the principal.

REINSTATEMENT PROCEDURE

In an effort to assist a student who is denied participation, the student may reduce a suspension by completing an Improvement Plan designed specifically for the student and the situation. The Improvement Plan will be designed by the coach and others (parents, counselors, dependency specialists, etc.) who can offer appropriate assistance and must be approved by the Superintendent or designee in charge of extracurricular activities. The student must complete the plan and demonstrate tangible evidence of being able to resume participation without repeating the offense or violating other expectations of the Code of Conduct. The student must petition the council before the Code of Conduct Council for reinstatement. During the denial of participation period, while on the improvement plan, the student may be expected to practice and sit on the team bench dressed in appropriate street clothes during contests. All training rules and requirements of the sport will continue to be followed. Improvement plans will not be allowed for third offenses when the three offenses involve drugs, alcohol, vandalism, theft, weapons violations or any combination of these or if the student has been arrested or convicted.

ABSENCES AND EXCUSES

GUIDELINES AND PROCEDURES

Georgia law requires children in Georgia to attend school (public, private, parochial, home/study) who are between the ages of six (6) and sixteen (16) years. All K-12 children enrolled for 20 school days or more in a public school of this state prior to their sixth birthday shall become subject too all of the provisions of O.C.G.A. § 20-2-690 through § 20-2-702 and the rules and regulations of the State Board of Education relating to compulsory attendance even though they have not attained six years of age. For the purpose of this Regulation, a child between his/her sixth and sixteenth birthdays shall be considered truant if the child has more than five days of unexcused absences in a school year. Instances of truancy and/or

educational neglect deprivation may be referred to attendance personnel at the district's administrative offices and/or the school social worker.

EXCUSED ABSENCES

A. Excused absences are defined as those for which evidence is provided to the school that the absence is permitted by Georgia Board of Education rule 160-5-1-.10. Such evidence may be a written doctor's statement, or other documentation acceptable to the school. Such evidence must be provided within three (3) days after returning to school. Parental/guardian notes will be accepted for the first five (5) absences. Absences beyond five (5) may require medical notes or other documentation.

Georgia Board of Education rule 160-5-1-.10 Regarding Excused Absences states that a student may be excused when:

1. Personal illness or attendance in school endangering a student's health or the health of others;
2. A serious illness or death in a student's immediate family necessitating absence from school;
3. A court order or any order by a governmental agency, including pre-induction physical examinations for service in the armed forces, mandating absence from school;
4. Immediate family member being deployed or returning from military deployment. Five (5) days absence will be excused.
5. Celebrating religious holidays, necessitating absence from school;
6. Conditions rendering attendance impossible or hazardous to the student's health or safety; or
7. A period not to exceed one day is allowed, at the discretion of the local unit of administration, for registering to vote or voting in a public election.

Note: Students serving as a Page in the General Assembly shall not be counted absent for those days of service as a Page.

- B. Students whose absences are excused shall be permitted to make up work missed. It shall be the responsibility of the student to arrange for make-up work within three (3) days after returning to school. Work shall be made up at the teacher's convenience, and the teacher shall have the discretion in determining reasonable time limits within which it must be completed.
- C. In unusual situations where a student has to be absent for reasons beyond the student's or parent's control, or where the purpose of the absence may be of educational value, even though not legally excusable, the local school MAY permit work to be made up provided the absence(s) is approved by the principal in advance.
- D. Students absent due to an extended physical illness or injury should utilize the services of the Hospital/Homebound program if eligible.

UNEXCUSED ABSENCES

Unexcused absences are defined as any absence not meeting the conditions of Section I.A. above.

- A. Students who are absent for unexcused reasons may not be permitted to make up work missed.
- B. In those instances where there exists reasonable doubt as to the validity of continued absenteeism, the school principal or his/her designee is directed to submit a referral to the attendance worker and/or social worker.

CONSEQUENCES AND PENALTIES OF UNEXCUSED ABSENCES

At the beginning of each school year, parents/guardians and students will receive a copy of the attendance policy and must sign a statement indicating receipt of the policy for failure to comply with the compulsory attendance statute.

Parents/Guardians:

- Must attend Truancy Treatment Team meeting if summoned for such a meeting.
- Charges may be filed against parents if their child misses over five (5) unexcused day of school.
- Judges may invoke the following consequences for this misdemeanor offense:
- \$25 - \$100 fine for each offense after five (5) unexcused absences
- Imprisonment for up to 30 days for each offense
- Community Service
- Any combination of the above
- If juvenile charges are filed, then the parent, and/or student, may be placed under a court order and must abide by the rules set forth by the Judge.

Students:

- A truant student may be subject to a disposition for an unruly child in accordance with O.C.G.A. § 15-11-67.
- Students must attend Truancy Treatment Team meeting if referred to such a meeting.
- Students having excessive absences shall be required to attend and successfully complete the intersession school program and/or be retained.
- Students who have attained the age of fourteen may find their eligibility for a Georgia instruction permit or driver's license impacted.
- Juvenile charges may be filed against any student having five (5) or more days of unexcused absences.

The teacher should call the parents of any student who has three (3) days of unexcused absences. After five (5) unexcused absences, the teacher will notify the principal or designee. When a student accumulates five (5) unexcused absences, the school will notify the parent/guardian of the consequences and penalties of such absences and that each subsequent absence shall constitute a separate offense in the court proceeding. After two (2) reasonable attempts to notify the parent/guardian or person having charge or control of a student of five (5) unexcused absences without response, the

school will send written notice via certified mail with return receipt requested.

Principals, assistant principals, and counselors may refer a student to either the attendance worker or social worker anytime when, in their judgment, the intent of the Compulsory Attendance Act is not being adhered to by a student. Referrals are required on students when they accumulate eight (8) unexcused absences. This referral to the attendance officer/social worker should include the attendance sheet and the Absent Again form.

DENIAL OF DRIVER'S PERMIT OR LICENSE

Once a student age 14 or older accumulates 7 unexcused absences, the school will send a letter via first-class mail notifying the student that he/she has only 3 absences remaining before violating the state's attendance requirements pursuant to O.C.G.A. 40-5-22 regarding the denial of driver's permits and licenses. Once the student reaches 10 unexcused absences, his/her name will be reported and his/her driver's permit or license may be denied or suspended.

GENERAL GUIDELINES AND PROCEDURES

Each individual classroom teacher shall keep an accurate record of attendance of each student, including a designation of excused or unexcused absences.

- A. Students who have emergencies necessitating their absence from school for a portion of the school day must have been present for a minimum of one-half (1/2) of the school day in order to be counted present for the day.
- B. When there is reason for a student to be excused from school for a portion of the school day, school officials may release him/her only to his/her parent/guardian, to a person properly identified with parental/guardian approval, to school authorities, or upon request by letter or telephone from his/her parent/guardian. Principals, or their designee need to make efforts to verify the authenticity of such requests before complying.
- C. The classroom teacher's record of attendance shall serve as the official record in determining student attendance for that class. If it is determined that there may be some question about the record, office attendance records will become official.
- D. Approved field trips and approved school functions shall not count as an absence.
- E. Students serving as a Page in the General Assembly shall not be counted absent for those days of service as a Page.

 4. Who is not in attendance on the first day of school but was expected based on prior year enrollment (Such student shall be withdrawn as a "no-show" student and shall not be included in any enrollment or attendance counts).
- C. Schools will not withdraw students who are receiving instructional services from the District through the hospital/homebound instruction.
- D. The principal or designee shall record the reason for withdrawal in the local or State Student Information System.
- E. The student's withdrawal date will be the last day of attendance or the day the District validates that the student no longer resides in the school's attendance zone.

 - b. The consequences of not having earned a high school diploma, including lower lifetime earnings, fewer jobs for which the student will be qualified, and the inability to avail oneself of higher educational opportunities.

ADDITIONAL GUIDELINES AND PROCEDURES GRADES K-5

Final course grades of students shall not be penalized because of absences if the following conditions are met:

1. Absences are justified and validated for excusable reasons.
2. Make-up work for excused absences was completed satisfactorily.

Students with more than nine (9) days of unexcused absences per nine-weeks grading period may not receive grades for that period. The principal shall have discretion, in such instances, to allow assignments to be made up and grades awarded.

ADDITIONAL GUIDELINES AND PROCEDURES GRADES 6-8

Final course grades of students shall not be penalized because of absences if the following conditions are met:

1. Absences are justified and validated for excusable reasons.
2. Make-up work for excused absences was completed satisfactorily.

Upon the eleventh (11th) unexcused absence annually, students must attend the Intersession opportunities designated by the principal to be considered for promotion. Failure to attend may result in retention. The attendance worker shall receive a copy of all correspondence and documentation regarding each student impacted by this Rule.

ADDITIONAL GUIDELINES AND PROCEDURES GRADES 9-12

Final course grades of students shall not be penalized because of absences if the following conditions are met:

1. Absences are justified and validated for excusable reasons.

1. whether the absences can be validated by the School Attendance Committee as excused;
2. whether make-up work, where allowed, is satisfactorily completed; and,
3. a passing grade has been earned for course work during the semester.

Eligibility for credit may be restored if recommended by the School Attendance Committee. The principal has the final decision on this matter.

Students losing credit may participate in the Time-for-Time Program or through attending intersessions at the local high school. Students must make up time for time missed. Students will receive the grade awarded in the regular program upon completing 'time for time' missed at \$15.00 per hour. This fee shall be borne by the student/parent/guardian.

ATTENDANCE AWARDS

Students will be recognized with perfect attendance if they have been counted present each day and have no more than three (3) tardies/early dismissals/late arrivals. Principals are encouraged to set standards and guidelines for attendance awards for other students that demonstrate excellent attendance. Attendance during intersession may not be counted toward perfect attendance or other awards in lieu of attendance or tardies during the regular school session.

TARDIES

Ten (10) or more tardies/early dismissals/late arrivals may be considered excessive and are subject to referral to the attendance worker and/or social worker.
